

The goal was to create the finest architectural speakers available. How is such a lofty goal achieved? It starts with a management team that has been designing products for the architectural audio market for over 20 years. One of those products resides in our industry's Hall of Fame. The team's experience and engineering expertise is then combined with passion to create speakers that stand apart from the ordinary. To us, great speakers create great music.

The NFS Series is designed to fit in the smallest of depths. Although short on depth the series is deep in performance and quality.

KEY FEATURES

- 6.5" (165.1MM) Polypropylene Woofer
- 0.5" (13mm) Soft Dome Tweeter
- Smooth Visual Flangeless System
- PRX™ Poly Resin CrossPoint Molds
- PRX™ Dog Legs
- Neodymium Magnet Grills
- **LIFETIME WARRANTY**

NFS-61-5CM

ACOUSTIC SPECIFICATIONS

- 6.5" (165.1MM) Polypropylene Woofer
- 0.5" (13mm) Soft Dome Tweeter
- 5/50 WPC Power Handling
- Frequency Response 72Hz - 20kHz
- 5/50 WPC Power Handling

MECHANICAL SPECIFICATIONS

- Baffle Diameter: 9.09" (231mm)
- Mounting Depth: 1.93" (50mm)
- Cut Out Dimensions: 8" (204mm)
