

MINX C46

Compact In-Ceiling Speaker

Small Speakers, Big Sound

Minx C46 comes in white – designed to blend in to your ceiling and being practically indistinguishable from recessed LED lighting. You can even paint the trim if your ceiling's another shade.

They're an easy upgrade to an AV system, adding true overhead sound effects and ideal in rooms where you need clear surfaces – like kitchens.

Highlights

- **Combined BMR & Pistonic Speaker Tech** – for best downward firing sound
- **Compact size** – won't dominate your room
- **Fits Recessed LED Lighting voids** – easy to fit & blend in
- **White with Paintable Trim** – blends in easily to ceilings
- **IP65 Rating** – suitable for kitchens
- **Sold individually** – buy only what you need
