

PWRI-X

Description

The Tributaries® PWRI-X Power Extension Outlet is designed to work with Tributaries Power Managers to protect remote displays and projectors. The inlet and outlet are UL® rated and easy to install into single-gang wall boxes. 14AWG Romex® building wire can then be used to join the inlet and outlet. Kits are available with a 6-foot, 9-foot or 12-foot AC power cable terminated with a Twist Lock Neutrik PowerCon® connector that mates with the Neutrik® Twist Lock PowerCon® inlet.

Features

- Dual outlet In-wall Power Extension Kit
- Designed to work with a power manager to protect remote devices
- Kit includes 1 power outlet, 1 power inlet and an AC power cable
- Connect the power outlet to the inlet using 14AWG Romex building wire
- Outlet is UL® rated 120 volts / 15 amps for remote installation
- Inlet is UL® rated 120 volts / 15 amps for installation near power manager
- The 14AWG shielded power cable is UL® rated with one end terminated with a Neutrik® PowerCON plug
- Safe hot-pluggable AC connection with Neutrik® PowerCon AC connectors
- Kits are available with your choice of 6 ft., 9 ft. or 12 ft. power cables
